FYI- we got a 55 page comment letter and >100 attachment documents from EarthJustice. Lots of information to go through (and attachments don't count in the total # of "comments").

Subject: Earth Justice Comments

Hi all,

Earthjustice submitted >100 documents to the docket, including a primary 55 page comment letter (attached) and many different attachments that relate to enforcement, resources, protection of species, and other topics. I've downloaded the attachments from the docket as an FYI and they are placed in this folder:

Ex. 6 Personal Privacy (PP)

Most of these attachments would be difficult/ not practical for the contractors to "snippetize" since most of them are reports, news articles, etc. intended to support the comment letter. But they are documents we should be familiar with since they will be in the docket and in the record for this action.

Best,
Whitney
